All of us here at Chime Master would like to take this opportunity to congratulate the Duffy family of Church Specialties, LLC on their 100-year anniversary in the bell business.

For over a quarter of that century, the Duffys have been working very closely with Chime Master in providing electronic carillons and bell ringing equipment for hundreds of customers. Their generations of experience and knowledge are only surpassed by their dedication to customer service.

Chime Master electronic carillons and bell ringing systems are made in America at our Ohio manufacturing facility. Excellence in craftsmanship and service are our top priorities. The Duffys and Chime Master can design the perfect bell or carillon system to meet your unique needs and budget.

Our best wishes for many, many more years in this wonderful "bell business."

Sincerely,

Jeffrey A. Crook, President
Chime Master
